THANK YOU..

... for taking the time to complete this survey. This information is vital in our efforts to increase the accuracy and completeness of church records, and will be invaluable to the leadership of Christ Church as they try to do a better job of carrying out our mission to you and to the community. FINALLY If there is anything else about you that you would like to be included in church records, or that others in the church might like to know about you, that we have not covered in any of the questions above, please take a minute to include this information on a separate sheet of paper.
